AI & AUTOMATION	SERVICENOW & GUIDEWIRE	PARTNER DELIVERY
Custom intelligent solutions	End-to-end platform delivery	Sub-vendor & white-label services

CORE SERVICES

01 - SERVICENOW — END-TO-END DELIVERY

Delivery across the ServiceNow platform.

- Discovery, IT consulting, solution design, implementation, configuration, testing, and go-live
- ITSM, service desk implementation, and other applicable workflows/modules such as CSM, HRSD, ITOM, WSD, and platform applications
- Custom apps, scripting, integrations, Flow Designer, portals, UI Builder, and workspace experiences
- Upgrades, enhancements, optimization, and ongoing support
- White-label development for any agreed software or web development project

02 - GUIDEWIRE CONSULTING & DEVELOPMENT

Technology support for insurance organizations and Guidewire implementation partners.

- Implementation and configuration support.
- Customization, enhancements and defect resolution.
- Integration, testing and project delivery assistance.
- Outsourced development support aligned to agreed scope and modules
- White-label development

03 - CUSTOM WEB & ENTERPRISE DEVELOPMENT

Scalable web solutions built for growth.

- Custom websites, web applications, and business platforms
- Internal tools, dashboards, workflow-enabled applications, and AI-enabled solutions
- Product development, integrations, maintenance, and enhancements
- White-label development for any agreed software or web development project

04 - AI APPLICATIONS & AUTOMATION

Transform Your Business. Grow with AI.

- Custom AI applications, agents, and intelligent assistants
- Business process and workflow automation
- Lead, sales, customer engagement, and document workflows
- Enterprise integrations and knowledge-enabled tools

PARTNER DELIVERY HIGHLIGHT | **ServiceNow sub-vendor / sub-contractor • Guidewire sub-vendor / sub-contractor • White-label development across agreed technologies**

FOR CONSULTING FIRMS & TECHNOLOGY PARTNERS

Your delivery partner. Behind the scenes. Built for results.

THINKSCALER
Your Partner in Digital Transformation

We help consulting firms, system integrators, and technology service providers extend delivery capacity across ServiceNow, Guidewire, AI, and custom software—while keeping the partner in control of the end-customer relationship.

PARTNER & WHITE-LABEL SERVICES

SERVICENOW SUB-VENDOR / SUB-CONTRACTOR

Support for end-to-end delivery—including service desk implementation, IT consulting, platform development, integrations, testing, releases, and ongoing enhancements across applicable ServiceNow capabilities.

GUIDEWIRE SUB-VENDOR / SUB-CONTRACTOR

Specialist engineering and project support for agreed Guidewire implementation, configuration, customization, integrations, testing, defect resolution, and release work packages.

WHITE-LABEL ANY DEVELOPMENT

Develop agreed websites, web apps, custom software, internal tools, integrations, and AI-enabled solutions under your brand and delivery model.

DEDICATED TEAMS & RESOURCE AUGMENTATION

Add individual specialists or agreed engineering capacity to complement your in-house team, meet project demand, and support delivery milestones.

IT CONSULTING, SERVICEDESK & WORKFORCE TRAINING

IT CONSULTING
Technology advisory, requirements analysis, solution planning, platform guidance, and implementation support aligned to your IT needs.

END-TO-END SERVICEDESK
Service desk implementation tailored to your IT requirements, including agreed workflows, configuration, integrations, testing, and operational readiness.

SERVICENOW 1-1 MENTORSHIP & WORKFORCE TRAINING
Personalized ServiceNow mentorship and workforce training are available.
Contact us to get started.

FOR CONSULTING FIRMS & TECHNOLOGY PARTNERS

Your delivery partner. Behind the scenes. Built for results.

THINKSCALER
Your Partner in Digital Transformation

We help consulting firms, system integrators, and technology service providers extend delivery capacity across ServiceNow, Guidewire, AI, and custom software—while keeping the partner in control of the end-customer relationship.

ENGAGEMENT MODELS

- **Fixed-scope delivery**
  Defined deliverables, milestones, and acceptance criteria.
- **Dedicated capacity**
  Specialists or teams aligned to agreed project needs.
- **White-label partnership**
  Delivery under your brand with roles and communication agreed upfront.

HOW WE WORK

01 Discover	02 Align	03 Deliver	04 Support
Scope and constraints	Roles and deliverables	Build, configure, test	Enhance as agreed

FOR ANY OTHER REQUIREMENTS

Let's schedule a consultation.

Tell us what you need, and let's discuss the right solution and delivery model.
